UNION AND AMERICAN

OF FIRE-CORNER CHURCH AND CHERRY STREETS THE WEEKLY UNION AND AMERICAN is furnished to subscribers at £3 00 per aroum in advance.
The TRI WEEKLY is published every Tuesday. Thursday.

and Saturday, at \$5.00 per annum, in advance; if not gold in advance, \$6.00.

The DATLY is published at Eight Dollars, 12-7 THE MONEY, IN ALL CASES, TO ACCOMPANY SUBSCRIPTIONS, 32-2.

Remittances of subscriptions may be made by mail at our rest. No paper will be sent out of the State unless the order is accompanied with the cash.

Let we wish it distinctly understood that no paper will be discontinued until all arrearages are paid, except at the option of the publishers.

YOUNG AMERICA. A GENTS wanted in every county in this and adjoining A States to sell the above new and improved CORN AND COB MILL. To all such, a care chance to make money will be discord of on unusually fair terms, by

FARMERS AND STOCK RAISERS, I off r you a Corn and Cob Mill unsurpassed in the Union and whice cannot be superceded by past or future inventions. It is the very Mill which every Farmer and Stock Easter should have, it will crush from 8 to 10 bush-ols Corn and Cob per hour, with one horse, is easily fitted up and transped weight 810 ibs., and a all contact of the grinding surfaces is precented, will have any farmer an or-dinary literione. I speak thus of its durability because the Same principle has been fairly tested in the old Bark Mill, A MILL ON TRIAL

for one month, and it it one't give complete satisfaction, to return it? If there be any man thus disposed, let him now apack. Satisfaction is warranted in every rate, or the money will be refunded. This Crusher can be at ached to horse, water or sterm power, which renders it the most convenient slill sourt of Mason's and Dixon's line. All other Crushers now in the south require too much power

or will 2002 wear out. According to
THE LAWS OF NATURE
Corn and Cab Mail which admits of a lateral or wabbling motion, will, necessarily, seen wear out; all other Crushers are amenable to this grand objection, and the Proprietors dare not dispute it. In the co. afrection of "Young America," I have gained power, and I dely contradiction; I have lessened friction, unit I challenge one word to the contrary; I have prevented a wabbling lateral mution, and all are compelled to acknowledge it; therefore I assert that it is far superior o any other Mill. I am now selling this Ten nessee tovention at the small sum of

FIFIT DOLLARS. And any one wanting a "good thing," is carnestly requested to examine the true merits and principles of this Mill, and ords from the Proprietor or Agents. A literal discount made to dealers, J. P. DROMGOOLE, Shelhyville, Tenn., Oct. 55. Sa e Proprietor.

Shelhyville, Tenn., Oct. '55 See Proprietor.

RAYMOND & CO'S. QUICK CURE OF PAIN!

FOR the instant relief of Pain, and the prompt and cer-I' tain cure of various Local Inflammations, and of Spasmodic and Nervous Diseases in general, this Medicine now stands pre-emment, and is rapidly superceding, wherand pain killers, now before the unblic Con-posed of eight different articles of the Materia Medies, it combines, at once, the active properties of a pow-erful Nervine, Anti-manuacite, Expectorant, Carminaire, Anticid, Alterative, Dispherence, hifusive Sumulant, and Counter Irritant. Possessing as it does, the above-named projection in an eminent degree, its efficiency and power, as a real edg. as, also, its adaptation to a great variety of

diseases, is at once apparent.

A long and extensive trial of this preparation, in private practice, in a great variety of paintoi affections, and the almost invariable success attending its use, has impressed us with the belief that as a remedy for the immediate relief of pain, and the speedy cure of the diseases for which it is recommended, it has no equal in the world. Prompt and powerful in its operation, it instantly relieves pain, whether external or internal; quiets nervous irritation, whether to cal or constitutional; quickly controls the most violent cal or constitutional, quiexy controls the most valent spa, ms, and speedily subdue, local milammaticus. Although but a short time has elapsed since its intro-duction to public notice, yet it has, by its own imprece-dented success, won its way to high popular favor, and has now proved itself the best remedy known for the quick cure of Rheumatism, Neoralgia. Tooth-ache, Local inflam, mation, Stiff Joints, Guta and Bruises, Surna and Scalds Caked Bresst, Sprains, Pain in the Side, Back or bre. 8 a Sore Threat and Piles It will instantly relieve Palpitato of the Heart, Difficulty of Breathing, Colds and Cough, As a remedy for Coughs, it has no equal: it has core caronic Cough of many years' standing. Head-ache in a unity relieved by it in ten minutes. It specifily arrests Cholera Morbus and Cramps is the Stamach or Bowels. It promptly relieves Asthum. Finally, we can, with great nce, recommend it for the speedy and certain cure of Dyspepsia: it has cured many cases of this troublesome discuse, and will seldom fail when taken according to the

SCOTT'S LITTLE GIANT CORN AND COB MILL.

THINKE are features connected with this Mill worthy of consideration and close examination on the part of those wishing to purchase a Feed Mill. to e wishing to jurchase a Free hill.

Its mechanical construction and adaptation to the purples of eligned, to crush and grind our corn. Its great on pacity, while dorng an internet with extraordinary case, its derability as amply provided for. The complete and entire postabeness or the lattle biant, rendering its greater convenience for plantation and farm use importable. It requires no mechanical aid or hill of expense to ut it up any form band or sevent can put up and set one unoing in her fan hours time. The convenience with which the sweep may be applied to run horizontal—as a nost must or over head, and the mill may be easily at sched where steam or water in used. The power it takes selled where steam of water is used. The power's takes requiring one and two horses. The quantity and quality of product, is to so bushels of good I ad meal per hour according to the degree of knews ground, and the are will. In it his chempest mill, an things considered, there is before the public.

Another thing connected with the Little Grant as a patent, and worthy of note, is the fact that there has been to the control of the control

rate at hight speculating or huge for many about the country, as is usual with the the u and bunging make suit in lements that are got up as a trace—morely to get moves by celling or pulning off the patent right upon the creductus—then the machine to be abenduord by all parties as a numbing, on the other hand the Patentee and Proprietor of the Links (many Mills, behaving that their can—and deof the Lattle (mant at dis, believing that they can and de-entimed that they will supply the Agriculturalists and stock raisers of cur extunity winn a superior Mill, are pet manually engaged in the business, are have over one frue fixed thousand dollars invested in the manufacture of these mile, in the bast, o est and South, some of these establish ments employing 60 mon solely in this business. So highby are these mile appreciated, that four thou and have seen and within the past eighteen months, and the heaviest an he most extensive Manufacturers of Agricultural implements in the United States have eigerly sought an interest in their manufactures and asks. t in their manufacture and sale. No implement has been more thoroughly tested; no or of the sind has reserved so numerous and high testing utan from Mechanics' Ibstitutes and Agricultural Associations and none by reason or substantial, practical utility and ment have more fairly ground, their may into every day use and popular favor than Scott's Little Gunt Corn and
